Empowered to solve issues in your community

Free for CGCC Students

- Apply entrepreneurship skills to solve community issues
- Learn how to pitch your business idea
- Use technology to maximize your positive impact on the world
- Gain access to the Cisco Innovation Challenge awarding \$5,000, \$3,000 and \$2,000 to launch or grow your project

Poder is a **5-week** entrepreneurship program offered at no cost to Maricopa Community College students by Arizona State University, supported by grant funding from the Cisco corporate advised fund at Silicon Valley Community Foundation. Any student enrolled at participating Maricopa Community Colleges is eligible to apply.

Poder students with an Internet of Things idea are eligible to compete in the **Cisco Innovation Challenge** for awards to launch or grow their social entrepreneurship project

For more information: **480.732.7043** | Business & Computing Studies Division in EST building

The fall 2018 session starts on September 24th and ends on October 22nd at the CGCC Pecos campus

- **Class Meets: Mon/Wed 5:30 pm - 7 pm in CHO101, Pecos campus, CGCC**
